## SHARI'AH COMPLIANCE CERTIFICATE

Shari'ah Compliant Funds managed by AL Habib Asset Management Limited are based on the principle of Investment Agency contract (Wakalat-ul-Istithmaar) and are designed strictly in conformity with the rules of Islamic Shari'ah and have the following features:

- Under the Investment agency arrangement, the unit holder is principal (Muakkil) and the Asset Management Company (AMC) is the agent to Invest (Wakeel Bil Istithmaar).
- The AMC invests the funds received from the unit holders in different Shari'ah Compliant avenues on behalf of the unit holders that include, but are not restricted to Shari'ah Compliant equities, Sukuk and other investment avenues.
- Mechanism and documents of all Investment transactions are vetted and supervised by the Shari'ah Advisor. Under this kind of arrangement AMC charge a fee for services rendered by them in respect of managing funds. On the basis of above, following Funds are being offered by AL Habib Asset Management Limited.
