Market Updates

Economic Review

The main highlight of the month was the surge in petroleum and diesel prices by Rs. 55/liter amid US-Iran-Israel war escalation leading to 63%MoM increase in Brent Crude oil. Hence, the MoM CPI was increased by 1.18% in March 2026 compared to 0.3%MoM increase in the previous month. The CPI witnessed an annual increase of 7.3% compared to 7.0%YoY increase in February 2026. The Core CPI was noted at 7.8%YoY compared to 8.2%YoY for the same period last year. The 9 months FY2026 CPI inflation was recorded at 5.7%, compared to 5.25% for SPLY.

The market's expectations of increase in SBP's Policy Rate led to increase in yields of government instruments across the board while benchmark 6 months KIBOR increased by 98bps to 11.59% from 10.61% at the end of last month. In a cautious move, the SBP kept its Policy Rate unchanged in the MPS held in March 2026.

The trade gap eased a bit in March 2026 by USD2.73 Billion compared to USD3.01 Billion in February 2026. The 9 months FY26 trade deficit has expanded by USD5.14 Billion to USD27.81 Billion compared to the same period last year, citing a 22.65% increase amid 8% decrease in exports and 6.64% increase in imports. According to the SBP's latest data, the foreign exchange reserves stood at USD21.79 Billion at the end of the month compared to USD21.19 Billion at the end of February-2026.

Pakistan's economy showed marked improvement in 2nd Quarter FY2026 with GDP growth recorded at 3.89%YoY depicting continuous growth momentum. The PBS also released updated growth figures for FY25, with the 4QFY25 showing exceptionally strong growth of 5.98%. For FY26, the GDP growth is estimated at 3.00%-3.60% by the international agencies while the government has estimated the GDP growth of 4.2%YoY.

Fixed Income Review

The yield curve shifted upward in March compared to February, reflecting an overall increase in yields across most tenors. The rise was more pronounced in the medium-to-long maturities, while short-term yields showed relatively modest changes. Despite the upward movement, the curve maintained its positive slope, indicating that markets continue to expect higher interest rates over the longer term.

The SBP conducted two T-bill auctions in March 2026, with the cumulative target of PKR 1,250 billion and auctioned off T-bills worth PKR 1,579.5 billion during the month. In the last auction of the month, cutoff yields were 11.48%, 11.50%, 11.50%, and 11.50% for the 1, 3, 6, and 12-month tenors, respectively.

In its monthly PIB auction, the SBP sold PKR 466.23 billion face value PIBs against a target of PKR 400 billion. Cutoff yields for the PIBs were 12.50% for 2 years, 12.50% for 3-years, 12.50% for 5-years and 12.40% for 15 years. Bids for 10 years PIBs were rejected.

Equity Market Review

The KSE-100 Index delivered a weak performance in Mar'26, registering a sharp MoM decline as investor sentiment remained pressured by geopolitical tensions, rising global oil prices, domestic selling, and Ramadan-related slowdown. The index posted its steepest monthly drop in percentage terms since Mar'20.

Market activity also weakened significantly, with both traded volumes and value declining notably. Sector-wise, major activity was seen in Power, Banks, Technology, Investment Banks, and Food, while on the scrip side, volumes were led by KEL, BOP, WTL, UNITY, and FNEL).

Urea offtake stayed weak, with cumulative sales hitting notably low levels. In contrast, cement dispatches continued to grow steadily, and automobile sales, despite a monthly slowdown, maintained strong YoY momentum.

Overall, Mar'26 reflected broad-based weakness across the market, with subdued sentiment, lower activity, and sectoral slowdowns amid macro and seasonal pressures.

AL Habib Cash Fund (AHCF)

INVESTMENT OBJECTIVE

The investment objective of AHCF is to provide its unit holders optimum return from a portfolio of low risk and short duration assets while being highly liquid.
